PROFESSIONAL SUMMARY

Web development enthusiast and aspiring Web Engineer Intern with hands-on experience in building responsive web applications using HTML, CSS, JavaScript, PHP, Flask, and MySQL. Strong foundation in full-stack development, problem-solving, and collaborative project work. Actively seeking an internship to apply and enhance real-world web engineering skills.

EDUCATIONAL SUMMARY

B.Tech., Computer Science and Business Systems

2023-2027

M. Kumarasamy college of Engineering,Karur(Affiliated to Anna University)

CGPA: 8.02(upto 4th semester)

HIGHER SECONDARY CERTIFICATION

2022-2023

Noble Matric hr. sec. school (82%)

SECONDARY CERTIFICATION

2020-2021

Sivanandha Matric Hr. Sec. School

PROJECT SUMMARY

Discipline Management System

25 Aug 2025 - 24 Oct 2025

Role: Full stack Developer

Software/Tools Used: HTML, CSS, PHP , MySQL, VS Code

Description:

- Developed a role-based web application for managing student discipline records.
- Implemented authentication and MySQL-based data storage for secure access.
- Automated record management, reducing manual paperwork.

Symbiosis: AI Integrated platform

14 Oct 2025 - 25 Oct 2025

Github: https://github.com/shalini476/symbiosiswaste_to_treasure

Role: Full stack Developer

Software/Tools Used: Python , Flask, HTML, CSS, JavaScript, VS code

Description:

- Built a collaborative web platform with AI-driven insights for organizations.
 - Developed backend services using Flask and designed responsive UI.
 - Collaborated in a team during hackathon-based development.
-

INTERNSHIPS

Elysium pro technologies

26 June 2025 -15 July 2025

Role: Full stack Development (Java)

Software/Tools used: Apache NetBeans, Xampp

Prodigy virtual internship

15 Feb 2025 – 15 Mar 2025

Role: Web Development

Software/Tools used: VS Code, HTML, CSS, JavaScript, PHP

SKILLS SET

TECHNICAL SKILLS

Frontend

- HTML5, CSS3, JavaScript
- Responsive Web Design
- Bootstrap

Backend

- PHP
- Python (Flask)
- Database Connectivity (MySQL)

Tools

- Git & GitHub
- VS Code
- XAMPP
- Postman

Concepts

- Responsive Web Design
- Session Management

SOFT SKILLS

- Problem solving
 - Communication
 - Team work
 - Adaptability
-

AREA OF INTEREST

- Software Design
 - Data structure
 - Full Stack development
-

ACHIEVEMENT/CERTIFICATIONS

- Diploma certification in Python and Certification for C++ from CSC
 - Joy of computing using python and Introduction to IoT from NPTEL
 - Introduction to Data science from Infosys Spring Board
 - Communication skills from TCS ion
 - Fundamentals of Digital Marketing from Google digital garage
 - Business Communication from HP life
 - Introduction to Artificial Intelligence from Linkedin Learning
 - Student Ambassador - Google Gemini (31 Aug 2025 – 28 Feb 2026)
-

CO-CURRICULAR ACTIVITIES

- Attended Workshop at Karpagam Engineering college(Antenna design)
- Paper Presentation at KPR institute of Technology (Bigdata analytics) and Paavai engineering college(AI in Education)
- Project Presented at Dr. Kalam young achiever award 2025
- Tech Quiz at KGSL institute of technology
- Bharatiya Antariksh Hackathon 2025
- Codathon at KPR institute of Technology
- Hackathon at K. Ramakrishnan college of engineering(Project Symbiosis)
